Dear Ms. Dortch:

On October 10, 2002, Laura L. Smith, Jeremy Denton and Robin Landis of the Industrial Telecommunications Association, Inc. (ITA) met with Bryan Tramont and Cathy Hilke of Chairman Michael K. Powell's office to discuss the above-referenced proceeding seeking to establish a low power pool of frequencies in the Private Land Mobile Radio band at 450-470 MHz. At the meeting, ITA continued to support the adoption of the Land Mobile Communications Council's Petition for Rulemaking outlining a low power plan for the band.

Sincerely,
